zerbrechlich
fragile

Bedingt durch unterschiedliche Tür-, Schloss- und Profilausführungen kann es zu Änderungen in der Montage kommen. Die Firma Burg-Wächter empfiehlt den Einsatz von geeigneten selbstverriegelnden Einsteckschlössern. Hierdurch erreichen Sie einen besseren Schließkomfort und vergessen niemals Ihre Tür abzuschließen.

Achtung
attention

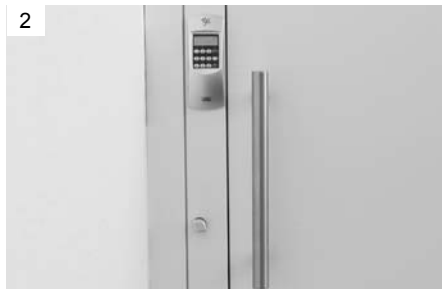

Because of different door, lock and profile constructions modifications in the assembly can occur. Burg-Wächter advises the use of self locking mortise locks. Therefore a better locking comfort will be accomplished and you will never forget to lock your door.

Suite aux types de portes, serrures et profilés différents, le montage peut nécessiter des modifications. La société Burg-Wächter préconise l'utilisation de serrures à verrouillage automatique adaptées. Cela augmente le confort de verrouillage et vous n'oubliez plus jamais de verrouiller votre porte.
